

The mountains form a spectacular back-drop to a special place, Malaga Mont Parc, a place to relax “between the sea and the mountains”.

The scent of the pines and firs, of the orange and lemon trees, gives the feeling of being truly in harmony with nature.

A place to unwind.

Only 20 minutes from this tranquil retreat are the beaches to top up your tan - in 15 minutes the centre of Malaga city offers its cuisine and cultural delights.

Or you can simply shop till you drop !

Málaga M

If you prefer the traditional Spain, the town of Alhaurin de la Torre is the one for you. Almost every month has a festival and the town has an abundance of banks, shops, taxis and restaurants and yet retains its natural charm.

In contrast and only 15 minutes away, the Plaza Mayor boasts a wealth of shops, factory outlets, numerous restaurants to suit every palate and a cinema showing the latest film releases in both Spanish and English. We do offer a courtesy bus service to this venue and early booking of a place is recommended.

Golfers can enjoy 27-hole Lauro Golf, an easy drive five minutes along the road leading to the tranquil white-walled villages of Alhaurin and Coin - for those who love to explore a little further afield the historic town of Ronda and the famous Rock of Gibraltar provide the chance for a pleasant excursion.
